

Test details

- Week 6 Lesson 1
- Online Moodle quiz
- 60 min
- 45 multiple choice questions
 - a, b, c, d options
- Worth 15%
- Covers materials from weeks 1 to 4

Online quiz

- Week 6 Lesson 1
- Quiz will be available for the 2 hour class time
- Once started you will have 60 mins to complete
- Make sure you start with enough time to complete the 60 min
- Class teacher will be available if required

Topics assessed

- Week 1 - Animal Diversity
- Week 2 - Animal tissues and Embryo development
- Week 3 - Circulatory and Respiratory systems
- Week 4 - Homeostasis and Endocrine system

Tips for multiple choice tests

- Read the questions and answers carefully
- Give yourself time to check over your answers
(avoid rushing so you don't mistakenly change a correct answer).
- Use the full 60 mins
- Answer questions you know first
- Eliminate wrong answers
