

SIT190

Introduction to Functions, Relations and Graphs

Learning Summary Report

This will be the cover of your portfolio...make it nicer than this!
Include unit name, your name,
student id...then delete this text!

STUDENT NAME
STUDENT ID

Update header with your name and ID. Then delete this box.

Self-Assessment Details

The following checklists provide an overview of my self-assessment for this unit.

	Pass (D)	Credit (C)	Distinction (B)	High Distinction (A)
Self-Assessment				

Self-Assessment Statement

Tick (use this one: ✓) the box with the grade you are applying for. Then delete this box.

Declaration

I declare that this portfolio is my individual work. I have not copied from any other student's work or from any other source except where due acknowledgment is made explicitly in the text, nor has any part of this submission been written for me by another person.

Replace the text here. Then delete this box.

Signature: **Your Name**

Update footer with unit title and name. Then delete this box.

Portfolio Overview

Start with something like “This portfolio includes work that demonstrates that I have achieved all Unit Learning Outcomes for SIT190 Unit Title to a **Pass** level.”

Describe your learning journey – where did you start, what did you learn, where will this take you? Note significant milestones or hurdles you overcame

Provide a justification for why you should receive the above grade... Write this for the assessment panel – tell them why you should get this grade.

- For Pass: you need to indicate how you have demonstrated all Unit Learning Outcomes to an acceptable level.
- For Credit: you need to indicate how you have demonstrated all Unit Learning Outcomes to a good level.
- For Distinction: you need to indicate how you have been able to apply all of the Unit Learning Outcomes in achieving the distinction tasks.
- For High Distinction: you need to indicate how you have been able to extend beyond the material presented in the unit.

In this section, refer to the tasks you have completed. These will be attached by OnTrack after this summary. Do not try to demonstrate the outcomes here, this is just a summary.

Think of this like a cover letter to a job application. The unit learning outcomes are the job’s selection criteria. Your tasks provide the evidence of how you have met these criteria.

Read and then delete this text... This is where you present your justifications. This should be no more than two pages. Then delete this box.

Reflections

What was your chosen persona: Magi, Knight, Squire or Page?

Reflect on your learning in this unit with respect to the attributes of your goal persona:

- Independence
- Resourcefulness
- Collaboration

The most important things I learnt:

Think about what you have learnt in this unit and reflect on what you think were key learning points, tasks, activities, etc. Did you learn what you wanted/expected to learn?

I feel I learnt these topics, concepts, and/or tools:

What things are you really confident about now?

I found the following topics particularly challenging:

What was the most challenging part of the unit? How did you deal with these challenges?

or skills now? What did you learn about yourself in how you dealt with these challenges?

Reflect on your learning and discuss these areas. The text provided outlines what we want you to discuss in this section – this should be read and then deleted so that each reflection contains just your text.

I found the following topics particularly interesting:

What was the most interesting or valuable thing you learnt from this unit? This could be related to the unit concepts, or general things you learnt about yourself.

I still need to work on the following areas:

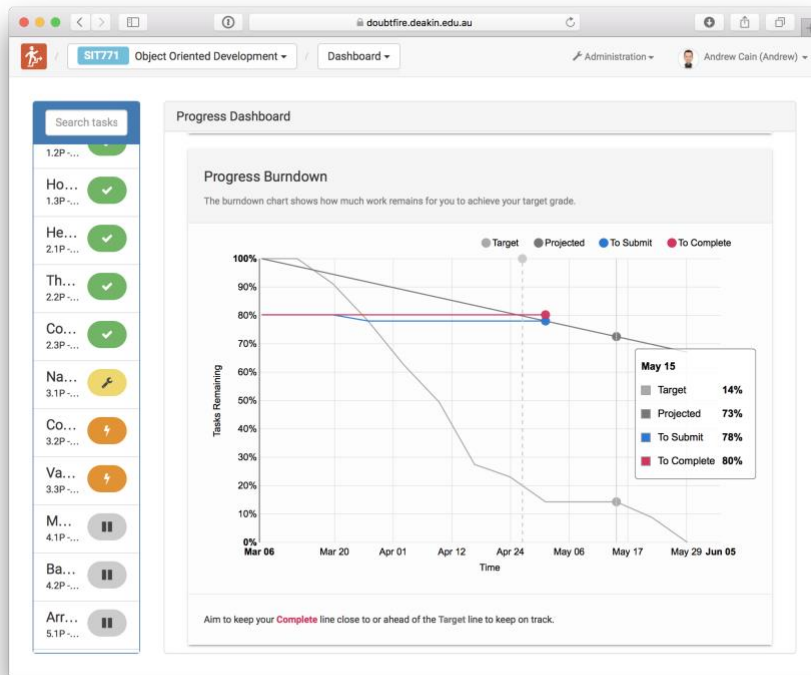

University is about developing lifelong learning skills. Given what you have achieved already, what is the next step for you? How will you build upon what you learnt in this unit? This could be related to the unit concepts and skills, or to personal traits you identified as needing further development.

The things that helped me most were:

What were the most helpful/useful resources? How did they assist you with your learning?

My progress in this unit was ...:

Include a screenshot of your **progress graph** from **OnTrack**, and comment on what happened from your perspective... what does the graph say about how you approached the unit?

If I did this unit again, I would do the following things differently:

Looking back, what is it that you think you could have done differently to help you achieve the most you could in this unit (both in terms of the unit concepts and skills, and in terms of personal growth). How will you approach learning in the future?

Other...:

Adjust this heading to add any other reflections you think help you demonstrate what you got out of this unit, and how it has or will help shape you as an IT Professional.
